

CORPORATE GOVERNANCE REPORT

INTRODUCTION

Corporate governance remains a journey and a continual work in progress in SingPost as we strive to improve our corporate governance. The Company recognises that a good corporate governance framework is essential in protecting its shareholders' interests by delivering good corporate performance, underpinned by sustainable benefits for the economy, the environment and society. Both the Board and Management of the Company are committed to achieving the highest standards of corporate governance and promoting effective stewardship in its practices and governance oversight.

This report outlines the Company's corporate governance practices for the financial year ended 31 March 2023 with specific reference to the principles and provisions of the Code of Corporate Governance 2018 (2018 Code). For the financial year ended 31 March 2023, the Company has complied with all the principles of the 2018 Code and substantially all the provisions set out thereunder. Variations in practice from any provision of the 2018 Code are explained in this report. A summary of the Company's compliance with the 2018 Code is also provided on page 84.

BOARD MATTERS

Principle 1: The Board's Conduct of Affairs

Role of the Board

The principal role of the Board is to set the Company's vision and purpose, and to regularly review its strategic direction, which includes appropriate focus on value creation, innovation and sustainability. The Board's key functions include:

- ensuring the necessary resources are in place for the Company to meet its strategic objectives as well as overseeing the corporate governance of the Company and Management's control and accountability framework
- setting the tone for the Company to ensure that its affairs are conducted with the highest standards of probity and in compliance with the law
- providing entrepreneurial leadership and guidance to Management on the Company's overall strategy, constructively challenging Management and reviewing Management's performance
- overseeing the Company's overall performance objectives, key operational initiatives and corporate governance practices
- approving financial plans, annual budgets, major funding proposals, and major investment and divestment proposals
- establishing and maintaining a sound risk management framework to monitor and manage risks, and to achieve an appropriate balance between risks and the Company's performance
- instilling an ethical corporate culture and ensuring that the Company's values, standards, policies and practices are consistent with its culture as well as to ensure transparency and accountability to key stakeholder groups
- approving the financial results for release to the Singapore Exchange (SGX), the appointment of Directors and key Management personnel, and changes in the composition and terms of reference of Board Committees

In carrying out its duties, the Board is ultimately accountable to shareholders for the performance of the Company.

The role of the Board, as described above, is clearly defined in a document adopted by the Board titled Success Profiles and Role Profiles for an Effective Board.

This is complemented by the Schedule of Matters Reserved for the Board's Decision which sets out a comprehensive list of matters which require Board approval. Matters requiring Board approval are clearly communicated to Management in writing and include the following:

- setting and reviewing financial targets
- entering new business sectors and geographies
- annual business plan and budget
- changes to share capital structure, corporate structure, operational structure
- results, dividend policy and dividend payout

CORPORATE GOVERNANCE REPORT

- significant change in accounting policies
- major capital projects and contracts not in the ordinary course of business
- SGXNet announcements
- appointments to Board and Board Committees
- approval of terms of reference of Board Committees and changes thereto
- appointment, remuneration and removal of senior Management including the Group Chief Executive Officer (Group CEO)
- succession planning for the Board and Management
- appointment and removal of the Company Secretary
- delegation of authority

Additionally, to optimise operational efficiencies, financial authorisation and approval limits have been established and are reviewed periodically for operating and capital expenditure and the procurement of goods and services. The Board approves transactions exceeding certain threshold amounts while delegating authority to Management for transactions below those limits.

Under the Code of Business Conduct and Ethics, Directors must avoid any actual or potential conflicts of interest with the Company, including (as far as possible) situations which could result in an appearance of impropriety. Where a Director's personal or business interest or relationship interferes, or even appears to interfere, in any way with the interests of the Company, such Director must promptly disclose such interest at a meeting of the Directors or by sending a written notice to the Company Secretary containing details on the nature, character and extent of the conflict of the interest and recuse himself/herself from participating in any discussion and decision on the matter, at all levels within the Group including, but not limited to, the Company's subsidiaries and any committees and sub-committees that are involved in the proposed transaction in which the Director has an interest or in respect of which the Director is conflicted.

Board Committees

The Board without abdication of responsibility has delegated authority to the following six Board Committees to assist the Board in discharging its responsibilities:

- Audit Committee (AC)
- Board Risk and Technology Committee (BRTC)
- Board Sustainability Committee (BSC)
- Compensation Committee (CC)
- Finance and Investment Committee (FIC)
- Nominations and Corporate Governance Committee (NCGC)

Each Board Committee has written terms of reference which clearly set out the composition, authority and duties delegated by the Board to make decisions (including reporting back to the Board). The terms of reference are reviewed from time to time to ensure relevance. Any changes to the terms of reference for any Board Committee require Board approval. To ensure clarity of roles, the role of each Board Committee chairman is also documented in the Success Profiles and Role Profiles for an Effective Board.

The terms of reference of each Board Committee are available on the Company's corporate website at <https://www.singpost.com/about-us/corporate-information/corporate-governance>.

The appointment of Board Committee members is carried out carefully to ensure that the Board Committees comprise Directors with the appropriate qualifications and skills, to maximise the effectiveness of the relevant Board Committee. A Board Composition Matrix is used to assess whether the core competencies, skills and experiences of a potential candidate complements those of the existing Directors to ensure that as a group, the Board Committees will have the appropriate balance and diversity to support the long-term success of the Company. Board Committee appointments require the approval of the Board.

Board Sustainability Committee

Recognising the growing importance of ESG factors which are integral to the overall long-term viability of the Company, the Company seeks to incorporate ESG considerations into its strategies that provide long-term benefits to all stakeholders, including shareholders. Toward this end, the BSC, reporting to the Board of Directors, was established in February 2021 to oversee and provide guidance to Management in helping to accelerate the Company's ESG transformation and journey. The Board approves the overall direction for the Company's ESG strategy which is executed by the Group CEO, who is in turn supported by a dedicated Sustainability team responsible for recommending ESG initiatives, collecting data, reporting and communication. The ESG programme is embedded in the Group's business operations across various functions to form a holistic and integrated framework for the organisation.

The BSC comprises three members, the majority of whom are independent Directors. The members of the BSC are Mr Simon Israel (chairman), Mr Steven Robert Leonard and Ms Elizabeth Kong Sau Wai.

The BSC assists the Board in the oversight of sustainability matters and the implementation of the SingPost Purpose Statement, which is approved by the Board and which serves to guide the Company's actions and behaviours towards the sustainability of the business. The BSC also assists the Board in providing counsel, guidance and governance of the Company's strategies, frameworks and initiatives related to ESG factors. It reports to the Board in respect of ESG material matters with a view towards integrating the opportunities that ESG factors present for business growth and managing the risk factors that may erode or challenge the sustainability of SingPost's business.

Compensation Committee

The CC comprises three members, the majority of whom (including the chairman) are independent Directors. All members of the CC are non-executive Directors. The members of the CC are Mr Bob Tan Beng Hai (chairman), Mrs Fang Ai Lian and Mr Simon Israel.

CORPORATE GOVERNANCE REPORT

The CC assists the Board in fulfilling its responsibilities for developing an appropriate compensation and remuneration framework to attract, motivate and retain talent. The CC considers all aspects of remuneration, including termination provisions in service contracts, to ensure they are fair. During the financial year, key responsibilities of the CC included the following:

- (a) exercising supervisory oversight of the overall principles, parameters and governance of the Company's remuneration framework to ensure continued relevance, competitiveness, long-term success of the Company and alignment to shareholders' interests

Finance and Investment Committee

The FIC comprises five members, all of whom (including the chairman) are non-executive Directors. The composition of members of the AC and the FIC is mutually exclusive. The members of the FIC are Mr Simon Israel (chairman), Mr Chen Jun, Ms Elizabeth Kong Sau Wai, Ms Lim Cheng Cheng and Mr Steven Robert Leonard.

The FIC provides advisory support to the Board on the overall strategy of the Group's business, investments, divestments, liabilities and treasury policies. During the financial year, the FIC reviewed and provided advisory support to the Board on the following:

- (a) long-term strategic plan for the Group
- (b) mergers, acquisitions and divestments
- (c) investments
- (d) financial offers, treasury and banking facilities
- (e) review of material litigation

Nominations and Corporate Governance Committee

The NCGC comprises three members, the majority of whom (including the chairman) are independent Directors. The members of the NCGC are Mrs Fang Ai Lian (chairman), Mr Simon Israel and Ms Elizabeth Kong Sau Wai. Mrs Fang is also the Lead Independent Director.

The NCGC assists the Board in fulfilling its responsibilities on Board succession planning, Board evaluation, training and professional development programmes of Board members, and the selection, nomination, appointment and re-appointment of Directors to the Board. The NCGC also has the responsibility to recommend enhancements to the corporate governance principles applicable to the Company and to uphold the same. During the financial year, the activities carried out by the NCGC included the following:

- (a) review of the composition of the Board and Board Committees and recommendation of the retirement and re-election of Directors to the Board taking into consideration the benefits of all aspects of diversity, including diversity of skills, sectoral experience, age, gender and cultural ethnicity
- (b) determination of the independence of Directors and providing its views to the Board

CORPORATE GOVERNANCE REPORT

- (f) review of relevant policies of the Board covering the corporate governance principles applicable to the Board
- (g) review of the New Director Critical Scorecard for the nomination and appointment of new Directors to the Board
- (h) review and nomination of Management staff to the boards of significant entities within the Group
- (i) review of the process for managing conflict of interests for directors on the boards of entities within the Group

Under Provision 4.1(a) of the 2018 Code, one of the responsibilities of the NCGC is to make recommendations to the Board on relevant matters relating to the review of succession plans for Directors, including the Group CEO and other key Management personnel. Succession planning for the Group CEO is, however, under the purview of the CC (which also reviews succession plans for key Management personnel) instead of the NCGC. Such an arrangement allows the CC to consider succession planning holistically with other human resource related issues such as remuneration and talent retention and recruitment. The undertaking of the review of succession plans for the Group CEO and key Management personnel by the CC instead of the NCGC does not detract from the underlying principle that there should be a formal and transparent process for the appointment of the Group CEO and the key Management personnel, as both the NCGC and CC consist of a majority of independent Directors.

Board and Board Committee Meetings

The Board meets regularly. Board and Board Committee meetings are scheduled well in advance of each year in consultation with the Directors to ensure optimal attendance rates. Ad hoc Board and Board Committee meetings are convened as and when warranted by particular circumstances between these scheduled meetings. The Board is invited to participate in strategy workshops with Management to plan the Group's long-term strategy. When exigencies prevent Directors from attending in person, Directors participate by telephone or video conference. Directors who are unable to attend a Board meeting can discuss related issues with the Chairman and the Group CEO and have the opportunity to provide their feedback on the materials and proposed resolutions. For the financial year ended 31 March 2023, six Board meetings and a Board Strategy Workshop were held. The Board and Board Committee meetings were conducted in a hybrid manner, via in-person attendance and also via video conference and other audio-visual means.

The agenda of each Board and Board Committee meeting is set by the respective chairmen in consultation with the Group CEO. A specific amount of time is pre-allocated to each agenda item to ensure sufficient attention is given to every agenda item. The agenda of every Board meeting includes an update from the chairman of each Board Committee on significant matters relating to the scope of the respective Board Committees. Directors are provided with relevant information prior to each meeting by way of timely upload of the meeting materials via a secure portal accessible on tablet devices issued to every Director.

At every Board meeting, the Board sets aside time for discussion without the presence of Management (except the executive Director). Where necessary, the non-executive Directors also meet without any executives present, and the chairman of such meetings provides feedback to the Board and/or the Chairman as appropriate. For the financial year ended 31 March 2023, the non-executive Directors met four times, which included the Lead Independent Director meeting with the other independent directors. If there are situations of conflict of interest, the Director in question will recuse himself/herself from the discussion and abstain from participating in any Board decision. No materials involving the issues of conflict are provided to such Director.

Between Board meetings, Board approvals for matters in the ordinary course of business are obtained through the circulation of Directors' resolutions in writing. Management will, upon request by any of the Directors, schedule a meeting to discuss and provide further information to Directors either in a group or on a one-on-one basis concerning the matter. For parity of information, comments received from any of the Directors are shared with all the other Directors. Additionally, to avoid any wrongful perception of undue influence, the Chairman will not be the first to sign on any resolution.

The attendance of each Director at Board and Board Committee meetings during, and the Annual General Meeting (AGM) held in respect of, the financial year ended 31 March 2022 is as follows:

Access to Information

Board members require timely access to complete and adequate information to be effective. Meeting materials are provided to Directors via a secure portal accessible on tablet devices prior to each meeting. In general, the materials are provided a week in advance of meetings and the Directors can access Board and Board Committee papers prior to, at, and post meetings. Minutes of Board Committee meetings are also circulated to the Board to keep all Directors updated on the activities of each Board Committee.

Management attends Board and Board Committee meetings to respond to any queries that Directors may have. The Board is briefed and updated on the execution of the Company's strategic plan, performance of its investments, financing plan and variance in budgets, amongst other matters. Directors are encouraged to and do seek additional information from Management as and when needed to make informed decisions. Management responds to such requests in a timely manner. The Group CEO and Management provide the Board with updates on significant events relating to the Company, analyst reports on the Company and information concerning industry-related developments.

Directors have separate and independent access to Management and the Company Secretary. Procedures are in place for Directors and Board Committees to seek independent professional advice, if necessary, at the Company's expense.

Role of the Company Secretary

The Company Secretary has a direct reporting line to the Chairman and serves as a focal point for communication with the Board, Group CEO, Management and the Company's various stakeholders. The role of the Company Secretary is clearly defined in the Success Profiles and Role Profiles for an Effective Board.

The Company Secretary is the primary point of contact between the Company and the SGX. The Company Secretary is also responsible for ensuring the Company's compliance with its Constitution and applicable rules and requirements under the Companies Act 1967 and the SGX listing rules. The appointment and removal of the Company Secretary is a matter requiring the approval of the Board.

CORPORATE GOVERNANCE REPORT

The Board relies on the Company Secretary to advise them not only on Directors' statutory duties under the law, disclosure obligations and listing rules requirements, but also in respect of corporate governance requirements and practices and effective board processes. The chairmen of the various Board Committees and individual Directors look to the Company Secretary to provide specialist skills and technical knowledge in these areas. The specialised role of the Company Secretary has therefore become interwoven with the corporate governance landscape of the Company.

Board Induction, Training and Development

The NCGC ensures that new Directors are made aware of their duties and obligations. All Directors receive a formal letter upon appointment informing them of their role and duties as Directors and advising on disclosure obligations under the Companies Act 1967 and the SGX listing rules. Together with the appointment letters, newly-appointed Directors also receive a manual containing, inter alia, the terms of references of the Board Committees, Code of Business Conduct and Ethics, Policies on Board Renewal and Tenure and Proper Handling of Disclosure of Directors' Interest, Company's Constitution, Success Profiles and Role Profiles for an Effective Board, Schedule of Matters Reserved for the Board's Decision, Market Disclosure Policy and Policy on Diversity and Inclusivity. These documents are uploaded to a tablet device issued to every Director for easy reference.

Newly-appointed Directors will undergo an in-house induction programme organised by Management. The programme familiarises incoming Directors with the Group's businesses and strategic objectives. The programme includes presentations on the Company's strategic plans and financial performance by the Group CEO and the Group CFO, and presentations by Management on their respective businesses, directions and corporate governance practices. If required, facility visits are arranged for Directors to better understand the Group's business operations. The induction programme not only serves its objective of thoroughly acquainting the incoming Directors with the nature and workings of the Group's business, but also serves as a platform for the new Directors to get to know members of Management and to ask questions.

The Board recognises the importance of ongoing professional development for the Directors, and has a Policy on Professional Development. The NCGC is tasked to review and decide on training and professional development programmes for the Board. Depending on the individual Director's background and development needs, Directors are provided with opportunities to attend relevant courses and seminars to develop and maintain their skills and knowledge at the Company's expense. If required, briefings by external consultants or counsels will be organised for the Board. Unless the NCGC is of the view that training is not required because he/she has other relevant experience, a new Director who has no prior experience as a director of an issuer listed on the SGX will be required to undergo training in his/her roles and responsibilities as prescribed by the SGX.

During the financial year, the development/training programmes, courses and seminars attended by the Directors included the following:

- Why adopt recommendations of Taskforce for Climate-related Financial Disclosures by Ernst & Young Singapore
- The Cambridge-Earth on Board Sustainability Education Online Programme for Directors by University of Cambridge Institute for Sustainability Leadership and Earth on Board

CORPORATE GOVERNANCE REPORT

BOARD MATTERS

Principle 2: Board Composition and Guidance

Board Composition

The Board consists of nine members who collectively have a wealth of experience and a broad range of expertise relevant to the Group's businesses and transformation strategy, including eCommerce, logistics, accounting, finance, legal, business and management, strategic planning and investments, digital and IT, and global business experience. All are non-executives except for the Group CEO. The Board believes that the present size and composition of the Board and Board Committees are appropriate for the foreseeable requirements of the Group's businesses.

Review of Directors' Independence

The Board, taking into account the views of the NCGC, determines the independence of each Director on an annual basis or as and when circumstances require, based on the requirements under the SGX listing rules and the 2018 Code. Each Director is required to complete an independence checklist and declare whether he/she considers himself/herself independent based on the criteria under the SGX listing rules and the 2018 Code. Such declarations are put before the NCGC which then determines the Directors' independence. Such great importance is placed on Directors' independence that it is also incorporated in the Board evaluation.

Based on the recommendations of the NCGC, the Board considers the Chairman Mr Simon Israel as non-independent and considers Ms Lim Cheng Cheng, Mr Chen Jun and Mr Phang Heng Wee, Vincent (who is the Group CEO) as non-independent. The other five Directors are considered independent and make up a majority of the Board. In accordance with the Board's Code of Business Conduct and Ethics, each member of the NCGC and of the Board recused himself/herself from the deliberations on his/her independence.

Mr Simon Israel is the former Chairman of the Board of Singapore Telecommunications Limited (Singtel), which is a substantial shareholder of the Company. Mr Simon Israel stepped down as the Chairman of Singtel in July 2020. Mr Simon Israel was not appointed as a nominee Director of Singtel to the SingPost Board. Mr Simon Israel was also not directly associated with Singtel in that he was not accustomed or under an obligation whether formal or informal, to act in accordance with the directions, instructions or wishes of Singtel in relation to the corporate affairs of the Company. Nevertheless, to provide added assurance to the Company's stakeholders, Mr Simon Israel is treated by the Company as a non-independent Director.

Ms Lim Cheng Cheng is the Group Chief Corporate Officer of Singtel. Prior to that, she was the Group Chief Financial Officer of Singtel till 31 March 2021. Ms Lim Cheng Cheng is a nominee of Singtel to the SingPost Board.

Prior to Mr Chen Jun's retirement from Alibaba Group Holdings Limited (Alibaba), a substantial shareholder of the Company, with effect on 1 April 2022, Mr Chen Jun was a Senior Vice President of Alibaba, and a nominee of Alibaba to the SingPost Board. Following his retirement, Mr Chen Jun is no longer a nominee of Alibaba to the SingPost Board. He remains as a non-independent Director in his personal capacity.

Board Renewal and Tenure

The Board Renewal and Tenure Policy provides that no Director should serve more than six years, though an additional term of up to a maximum of three years may be permitted to accommodate the transition or the retention of critical skill sets. The Board recognises that board renewal is a continuous process. None of the Directors on the Board has served for more than nine years as at 31 March 2023.

Save for the Group CEO who is an executive Director, the other eight members of the Board are non-executive Directors. The strong proportion of non-executive Directors avoids undue influence of Management over the Board and ensures that appropriate checks and balances are in place.

CORPORATE GOVERNANCE REPORT

Non-executive Directors are neither Management nor employees of the Company. Nevertheless, non-executive Directors are expected to be familiar with the Company's business and stay informed of its activities so that they may constructively challenge Management. They also review and assess Management's performance against pre-set goals as well as participate in deliberations relating to the appointment, reward and compensation of the Group CEO and key Management personnel.

In addition to the role and duties of the non-executive Directors, the independent Directors provide an independent and objective check on Management and, together with the rest of the Board, safeguard the interests of minority shareholders. In certain cases, the independent Directors are required to make certain decisions and determinations under the SGX listing rules. For the financial year ended 31 March 2023, five of the nine Directors of the Company are independent.

The independent Directors and their immediate family members have no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgment with a view to the best interests of the Company.

Board Diversity

The Board recognises the benefit of diversity in fostering robust discussions and guarding against groupthink which in turn leads to better decision-making. In this regard, the Company has put in place a Policy on Diversity and Inclusivity since May 2018 which commits to giving due consideration to the benefits of diversity when seeking to appoint candidates to the Board and to senior Management. The Policy defines "diversity" to refer not only to gender but also to skill sets, sectoral experience, cultural ethnicity, age, background and other relevant personal attributes important in providing a range of perspectives, insights and challenges needed to support good decision-making. The Policy also requires that any professional bodies engaged to assist with the search process will be required to be given explicit instructions of the Company's commitment to diversity to ensure the search for talent is conducted accordingly.

The Company's diversity targets for the Board and its plans and timelines for achieving the targets and progress towards achieving the targets are described below.

In terms of *Gender* diversity, the Board aims to maintain between 30% to 50% female representation on the Board, taking into account the skills, experience and other diversity requirements of the Board. The Board believes that by being deliberate in ensuring a balance of gender representation on the Board, it would benefit from having access to a broader talent pool as well as varied perspectives to facilitate strategic thinking and problem solving. The Board will also exercise best endeavours to appoint at least one female Director to each of its Board Committees to safeguard against gender bias and ensure that there is diversity of views expressed at its Board Committees. In particular, the Board has ensured that at least one female Director is represented on both the NCGC and CC to advance the interest of female employees and support mentoring and development opportunities for female executives, ensuring unbiased career progression and to foster an inclusive culture. Female representation on the Board (four out of nine Directors) is currently one of the highest on the boards of companies publicly listed on the SGX. The Board's gender diversity targets have also been cascaded down to the senior Management executive team, on which the 30% to 50% female representation will also be sought to be maintained.

Besides *Gender* diversity, the Board strives towards achieving diversity more broadly, including diversity in terms of its *Skill Sets* and *Sectoral Experience*, and where possible, *Age* diversity, within the Board to enhance effective stewardship and oversight of the Group. The current Board comprises individuals with an appropriate combination of qualifications and competencies, including experience and/or expertise in eCommerce, logistics, accounting, finance, legal, business and management, strategic planning and investments, digital and IT, and global business experience, being the skill sets identified by the Board as critical to provide effective stewardship and oversight of the Group, as well as individuals who collectively possess experience encompassing the majority of the sectoral areas identified as being relevant to the Group. Currently, the ages of the Board members range from 41 to 73 years.

The Board has maintained its targets for gender, skill sets, sectoral experience and age diversity for the year ended 31 March 2023.

CORPORATE GOVERNANCE REPORT

The Board, taking into account the views of the NCGC, considers that the current diversity of the Board contributes to the quality of its decision-making process and adequately serves the needs and plans of the Group. Further details on the Directors can be found on pages 17 to 19 of this Annual Report.

BOARD MATTERS

Principle 3: Chairman and Chief Executive Officer

Separation of the Role of Chairman and Group CEO

The Chairman and the Group CEO are separate persons. Mr Simon Israel's appointment as Chairman is a non-executive appointment totally separate from the office of the Group CEO, which is held by Mr Phang Heng Wee, Vincent. The roles of Chairman and the Group CEO are deliberately kept distinct through a clear division of responsibilities to ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making. There is no family relationship between the two.

The respective roles of the Chairman and the Group CEO are clearly defined in the Success Profiles and Role Profiles for an Effective Board.

The Board and Management are mindful of the division of responsibilities between leadership of the Board and the executives responsible for managing the Company's business.

Role of the Chairman

The Chairman leads the Board to ensure its effective and comprehensive deliberations on matters brought to the Board, including strategic issues, talent management and succession planning. The Chairman sets the agenda for Board meetings and ensures complete and accurate information is provided to the Board to facilitate good decision-making in particular on strategic issues. He ensures appropriate relations within the Board, between the Board and Management, as well as between the Board and the Group CEO. At meetings, he promotes a culture of open dialogue and debate, facilitating the effective contribution of all Directors and promotes high standards of corporate governance. The Chairman also monitors the translation of the Board's decisions and directions into executive action, providing guidance on the transformation of the Group. The Chairman maintains effective communication with shareholders and fosters good relationships with stakeholders such as the staff union, SingPost staff, government, regulators, customers and other partners. At shareholder meetings, the Chairman ensures constructive dialogue between shareholders, Directors and Management.

The Chairman plays an important leadership role by providing clear oversight, advice and guidance to the Group CEO and Management and has a significant impact on Board performance. With such a broad range of responsibilities, a separate distinctive Chairman Skills Matrix has been developed to guide the succession planning of the role of the Chairman, taking into account the skills and experience of the Board as a whole.

Role of the Group CEO

The Group CEO, who is an executive Director, is responsible for making strategic proposals to the Board and implementing the Group's strategies and policies as well as the Board's decisions. He assumes the executive responsibility for the day-to-day management of the Group, with the support of Management. When working with the Board, the Group CEO is expected to forge a productive and synergistic relationship, where both the Board and the Group CEO work in partnership for the long-term success of the Company.

Regulatory Approvals

The appointments of the Chairman, the Directors and the Group CEO require the prior written approval of the Info-communications Media Development Authority of Singapore (IMDA). The Company duly sought and obtained the approval of IMDA in respect of all new appointments.

CORPORATE GOVERNANCE REPORT

Role of the Lead Independent Director

As the Chairman, Mr Simon Israel, is a non-independent Director, Mrs Fang Ai Lian was elected by the independent Directors as the Lead Independent Director. The role of the Lead Independent Director is clearly defined in the Success Profiles and Role Profiles for an Effective Board. The responsibilities of the Lead Independent Director set out therein include carrying out the functions of the Chairman in relation to any matter where it would be inappropriate for the Chairman to serve in such capacity or if the Chairman is unable to do so, and playing an additional facilitative role within the Board. The Lead Independent Director ensures the affairs of the Board and the Company are managed in a manner that reflects effective corporate governance. The Lead Independent Director also meets with the non-executive Directors without the Chairman present at least annually and leads the appraisal on the Chairman's and the Group CEO's performance on such other occasions as are deemed appropriate, as well as helps the CC design and assess the Chairman's remuneration.

The Lead Independent Director serves on the NCGC, leading the independent Directors in meetings periodically without the presence of the other Directors, and provides feedback to the Chairman after such meetings. The Lead Independent Director is also available to the shareholders or other stakeholders of the Company to address any concerns relating to matters that would be inappropriate for the Chairman, the Group CEO or the Group CFO to resolve, or that such persons may not be able to resolve adequately. The Lead Independent Director also facilitates communication between the Board and shareholders or other stakeholders of the Company.

BOARD MATTERS

Principle 4: Board Membership

Succession Planning and Nomination Process

The NCGC has the responsibility of establishing a formal and transparent search and nomination process for the selection, appointment and re-appointment of Directors. The NCGC also evaluates and reviews the Board succession plans for Directors, in particular, the Chairman, to ensure progressive renewal of the Board. When tasked to search for a new Director, the NCGC will first review the Company's emerging strategic priorities, then review the experience and expertise of the current Board composition in order to identify critical competency gaps that need to be filled that are aligned to the emerging strategic priorities of the Company. Taking into account the commitment towards Board diversity, potential candidates are then identified through professional search agencies, and consultation with Directors and shareholders.

The NCGC also considers recommendations received from shareholders and members of the public. After a candidate has been identified by the NCGC, a Board Composition Matrix and New Director Critical Scorecard are used to assess whether the core competencies, skills and experiences of the candidate complements those of the existing Directors. The NCGC will also take into consideration whether a candidate had previously served on the boards of companies with adverse track records or a history of irregularities, and assess whether a candidate's resignation from the board of any such company would cast any doubt on his ability to act as a Director of the Company.

The NCGC will then make its recommendation to the Board and arrange to meet with the shortlisted candidates to (i) assess the suitability of each candidate; (ii) communicate to the candidates the level of commitment expected (including time commitment); and (iii) provide sufficient information for the candidates to make an informed decision on accepting the role. The Board will then deliberate on the recommendation of the NCGC. Upon the Board's approval, the Company will seek IMDA's approval, in accordance with the requirement set out in the Postal Services Act 1999.

To facilitate shareholders' and investors' understanding of its nomination process, the Company will also disclose the channels used in the search and nomination process for identifying appropriate candidates and the channel via which the eventual appointee was found, and the criteria used to identify and evaluate the candidates.

The Board does not encourage the appointment of alternate Directors. No alternate Director has been or is currently appointed to the Board.

CORPORATE GOVERNANCE REPORT

The review of succession plans for key Management personnel falls under the roles and responsibilities in the CC's terms of reference. On an annual basis, the CC conducts a succession planning review of the Group CEO and key Management positions, taking into consideration the SingPost Purpose Statement and the values, strategic priorities and factors affecting the long-term success of SingPost. As part of the review, the CC will assess the readiness of potential successors, as well as their corresponding development plans, bearing in mind the Company's strategic priorities and the factors affecting the long-term success of the Company.

The Board recognises the importance of progressively renewing the Board to address the evolving needs of the Company and is committed to a process of orderly succession planning for Directors. Recognising that the Board needs change over time, the Board reviews and approves a Board Composition Matrix of skill sets and capabilities, taking into account the objective of building a board which embodies diversity and has an appropriate balance between functional skill sets, domain expertise, and specific skills and capabilities needed to support the Company's strategy and business.

At the end of each term, Directors who wish to seek reappointment for another term will be subject to a review by the NCGC. The review will take into account:

- the Director's fit with the Board Composition Matrix;
- the annual Board effectiveness review;
- the competencies, commitment, contribution and performance of the Director; and
- the Director's compliance with the Board's Code of Business Conduct and Ethics.

Where Directors step down from the Board, cessation announcements providing detailed reason(s) for the cessation are released on SGXNet in compliance with the requirements of the SGX listing rules.

Directors' Time Commitment

The NCGC is tasked with ensuring and determining that Directors who have multiple board representations and other principal commitments, have given sufficient time and attention to the affairs of SingPost and to decide if a Director has been adequately carrying out, and is able to continue carrying out the duties of a Director of the Company. In doing so, the NCGC considers the other directorships held by the Directors and their principal commitments. The NCGC also takes into account both the results of the assessment of the effectiveness of the individual Directors and their actual conduct during Board and Board Committee meetings and ad-hoc discussions when making this determination.

Accordingly, the Board has set, as a general guidance, that the maximum number of listed company board representation which any Director holds should not exceed five. The Board however recognises that depending on the Directors' other principal commitments, the capacity of each Director may differ greatly. Therefore, under the Code of Business Conduct and Ethics, Directors are also to consult the Chairman of the Board and the chairman of the NCGC prior to accepting any appointments to the boards of directors or advisory boards of any public or privately held company or any other principal commitments so that such appointments may be considered by the Board in accordance with corporate governance guidelines. For the financial year ended 31 March 2023, the NCGC has determined that all the Directors have devoted a satisfactory amount of time and attention to the Company and have discharged their duties adequately. Inclusive of their appointment to the SingPost Board, none of the Directors hold more than five appointments on the boards of listed companies as at 31 March 2023.

Rotation and Re-election/Re-appointment of Directors

The Board subscribes to the principle that all Directors should stand for re-election at regular intervals and at least once every three years. The Company's Constitution requires new Directors to retire and stand for re-election at the AGM immediately following their appointment (new Directors re-election rule). The Constitution also requires a Director to retire and stand for re-election at the AGM if, were he/she not to do so, he/she would at the next AGM have held office for more than three years (over three years re-election rule). Finally, the Constitution requires one-third of the remaining Directors starting from those with the longest term in office since their appointment or re-election to retire from office by rotation at each AGM (1/3 rotation rule). Retiring Directors are eligible for re-election.

CORPORATE GOVERNANCE REPORT

The NCGC deliberates the suitability of the Directors for re-election and takes into consideration their competencies, past contribution and performance. The NCGC's recommendations will then be made to the Board for their approval. Shareholders are provided with relevant information on the Directors who will be standing for re-election at each AGM.

At the forthcoming AGM, the NCGC has nominated and recommended Mr Chen Jun, Mr Steven Robert Leonard and Mr Bob Tan Beng Hai to retire pursuant to the 1/3 rotation rule. Mr Bob Tan Beng Hai, being eligible for re-election, has offered himself for re-election. Mr Chen Jun and Mr Steven Robert Leonard will not be seeking re-election and will be retiring at the close of the forthcoming AGM to facilitate Board renewal. The Board has endorsed the recommendations of the NCGC.

Name of Director	Retiring and standing for re-election pursuant to:
Mr Bob Tan Beng Hai (last re-elected on 15 July 2021)	1/3 rotation rule (Article 98(b))

The profile of the Director seeking re-election is set out on page 19 of this Annual Report. In addition, the Notice of AGM sets out information on the Director seeking re-election at the AGM. Detailed information on the Director (including information as set out in Appendix 7.4.1 of the Listing Manual of the SGX) can be found in the "Additional Information on Director Seeking Re-Election" section on pages 240 to 243 of this Annual Report.

BOARD MATTERS

Principle 5: Board Performance

Board Evaluation

The Board reviews its performance annually. Each year, a process is undertaken by the NCGC to evaluate the effectiveness of the Board as a whole and its Board Committees and the contribution by each individual Director to the effectiveness of the Board.

As in previous years, an external facilitator was appointed to carry out the evaluation for the financial year ended 31 March 2023. Other than its role as assessor on Board effectiveness, Aon Hewitt, an international consulting firm, is an independent service provider with no connection with the Company or with any of its Directors. As Aon Hewitt had conducted the Board evaluation previously, a factor in appointing Aon Hewitt was consistency in having the same external facilitator to evaluate the performance for year-on-year comparison.

The external facilitator proposed the approach and evaluation criteria which was endorsed by the NCGC and approved by the Board. The approved evaluation methodology covered the same measures that the Singapore Governance and Transparency Index is based on, namely board size, board independence, CEO-chairman separation, board competencies, board duties and responsibilities, board and committee meetings (e.g. frequency and attendance), selection of Directors (e.g. transparency of the process), succession planning process, appraisal of Directors, remuneration and shareholders/investor relations, communications and transparency.

The process involved Directors first completing a comprehensive online questionnaire covering various aspects of board processes and effectiveness encompassing, amongst others, board and committee evaluation, board strategy and priorities, Directors self/peer evaluation, Chairman evaluation, risk management, board composition, information management, managing Company's performance, CEO performance and succession planning, director development and management and representation of shareholders and corporate social responsibility. The responses from the Directors were then collated and a gap analysis was conducted by Aon Hewitt to confirm that the Board had met its performance objectives. The Chairman will act on the results of the evaluation in consultation with the NCGC.

REMUNERATION MATTERS

Principle 6: Procedures for Developing Remuneration Policies

Principle 7: Level and Mix of Remuneration

Principle 8: Disclosure on Remuneration

Remuneration Strategy, Principles and Framework

The objective of the Company's remuneration framework is to attract, reward, motivate and retain a talented and high performing workforce in order to achieve the Group's business objectives and to attract and motivate Directors to provide good stewardship of the Group.

The Group's remuneration framework is designed to incentivise the delivery of the Group's business priorities and shareholder value creation. It is structured to provide an appropriate balance between the fixed and performance related components.

A balanced scorecard approach is used to measure the Group's success in executing the long-term business strategy and the performance of the Management.

The following table sets out the guiding principles of the remuneration strategy and its implementation:

Guiding Principles	Details
Alignment with Shareholders' Interest	<ul style="list-style-type: none"> Align interests between employees and shareholders Design incentive payout structure to align incentive payments with the long-term performance of the Group
Provide Market Competitive Pay	<ul style="list-style-type: none"> Offer competitive packages to attract and retain talented and experienced individuals Align total compensation with the market, subject to affordability
Pay-for-Performance	<ul style="list-style-type: none"> Instill and drive a pay-for-performance culture Measure performance against a balanced scorecard, comprising financial and non-financial metrics

Remuneration Governance

In performing the duties as required under its terms of reference, the CC ensures that the remuneration practices are in line with the Group's long-term strategy, performance and corporate values.

The CC is responsible for reviewing and recommending to the Board a general framework of remuneration (including termination terms) and the specific remuneration packages for each Director (including the Group CEO) and key Management personnel. No individual Director is involved in deciding his/her own fees. Each year, the CC also approves the annual increment pool and variable bonus pool for distribution to all eligible employees.

The CC has access to both internal and external expert advice on human resource matters whenever there is a need to consult. During the financial year ended 31 March 2023, Mercer (Singapore) Pte Ltd and Willis Towers Watson Consulting (Singapore) Pte Ltd were engaged as remuneration consultants to provide advice on market practices and benchmark data. The Group does not have any relationship with the remuneration consultants which will affect their independence and objectivity.

The CC considers remuneration practices holistically with other human resource related issues such as succession planning, talent retention and recruitment. Succession planning and leadership development remain the key focus areas for the CC. On an annual basis, the CC conducts a succession planning review of the Group CEO and key management positions to assess readiness of potential successors, as well as their corresponding development plans with due consideration given to the Group's remuneration framework and practices.

CORPORATE GOVERNANCE REPORT

Level and Mix of Remuneration

The remuneration of non-executive Directors takes into account factors such as the effort and time spent, contributions and respective responsibilities of the Directors. The non-executive Directors receive a basic retainer fee, additional fees for appointment to Board Committees and attendance fees for attending Board and Board Committee meetings. The Directors' remuneration is reviewed annually against peer companies to ensure its competitiveness and the quantum of the fees will only be paid upon approval by the shareholders at the AGM.

The Group CEO, who is an executive Director, is not paid Directors' fees. The Group CEO's terms of employment and rewards, including long-term incentives in the form of SingPost shares, are reviewed by the CC and approved by the Board.

The level and structure of remuneration of the non-executive Directors, Group CEO and key Management personnel are disclosed in the respective tables below. The Group exercises clawback of certain incentive components of remuneration from the Group CEO and key Management personnel in situations such as the inaccurate assessment of financial targets and performance attained or misconduct resulting in financial loss to the Group.

Remuneration of Group CEO/Executive Director and Key Management Personnel

The Group adopts a remuneration strategy that supports a pay-for-performance philosophy. Performance-related remuneration is aligned with the interests of shareholders and other stakeholders, and promotes the long-term success of the Company. The Company's executives participate in an annual performance review process that assesses the individual's performance against set performance targets. Performance against these targets which include both financial and non-financial measures is a key factor determining their remuneration.

The remuneration structure for the Group CEO and key Management personnel consists of the following components:

Fixed Component

Fixed pay comprises base salary, fixed allowances and annual wage supplement. Base salary is determined based on the individual's responsibilities, competencies and experience and is aligned to the median of the market. The CC proposes the compensation of the Group CEO and key Management personnel for the Board's approval on an annual basis.

Variable Component

Variable component refers to the performance bonus (PB) which links rewards to the achievement of organisational targets. The PB is structured to support the Group's business strategy and shareholder value creation through the delivery of corporate targets, namely, financial outcomes, strategic business imperatives, operational excellence and people. The overall PB pool is a function of the business units' relative performance against their respective balanced scorecard. Individual PB is determined based on a blended qualitative assessment of their performance which includes the demonstration of the SingPost values and competencies.

CORPORATE GOVERNANCE REPORT

Long-term Incentives

Long-term incentives (LTI) are designed to align employees' interests with that of shareholders. It is intended to drive longer term business priorities and shareholder value creation. The long-term incentives are granted in the form of restricted shares with reference to the desired remuneration structure target and valued based on the Monte Carlo Model. There are two types of LTI awards – the Restricted Share Award (RSA) and Performance Share Award (PSA). The RSA is granted to a broader group of executives and critical talents, whereas the PSA is granted to senior Management to reinforce the delivery of shareholder returns. A greater portion of the remuneration for the senior Management is delivered in long-term incentives to ensure alignment with shareholders' interests. Notably, accelerated vesting may be activated upon early achievement of performance levels in Year 3, to motivate the Management in attaining business priorities and shareholder value creation earlier.

Provident Fund

This component refers to statutory contributions to the Singapore Central Provident Fund, in line with local legislative requirements. It is not directly linked to performance.

Benefits

The Company strives to provide benefits that are comparable with market practice and these may include medical, flexible benefits, car allowance or group insurances.

The employment contracts of the Group CEO and key Management personnel do not contain any special or exceptional clauses providing for additional compensation payments in the event of termination. For the financial year ended 31 March 2023, there were no termination, retirement and post-employment benefits granted to Group CEO and key Management personnel.

CORPORATE GOVERNANCE REPORT

ACCOUNTABILITY AND AUDIT

Principle 9: Risk Management and Internal Controls

The Board and Management ensure that the Group implements and maintains a sound system of risk management and internal controls. The Group's policy is to establish an organisational philosophy and culture that ensures that effective risk management is an integral part of its activities and a core management capability. The Board is responsible for the governance of risk across the Group. The BRTC assists the Board in the oversight of the Group's risk management framework and policies.

The Group adopts an Enterprise Risk Management (ERM) Framework which sets out the components for managing risks in an integrated, systematic and consistent manner. The ERM Framework and related policies are reviewed annually.

The BRTC has scheduled meetings which are attended by the Group CEO, Group CFO, CEO Singapore, CEO International, Group Chief Information Officer, as well as key Management Committee members, all of whom are responsible for directing and monitoring the development, implementation and supervision of ERM practices across the Group.

Management Committee meetings were held on a fortnightly basis to discuss strategic, business, and operational matters. During these meetings, key projects and operational risks were identified and discussed, along with proposed mitigating measures to address these risks to ensure residual risks were mitigated to an acceptable level. Follow-ups were then performed in subsequent meetings to ensure mitigating actions were executed. Any significant issues identified from these meetings were brought to the attention of the BRTC.

The Group has in place a structured and systematic approach to risk management, and aims to mitigate the Group's risk exposures through appropriate risk management strategies and internal controls. Risk management in the Group is a continuous, iterative and integrated process which has been incorporated into various planning, approval, execution, monitoring, review and reporting systems. The Group adopts a top-down as well as bottom-up approach on risk management to ensure the strategic, business, operational, financial, reporting, compliance and IT risk exposures are identified, aligned to the Group's strategic and business objectives, and appropriately managed.

On a quarterly basis, the respective risk owners will review the adequacy and effectiveness of the mitigating controls for all risks within their respective divisions and the division-specific controls to mitigate such risks. Risk custodians, who are typically members of the Management Committee, provide oversight and guidance for enterprise-wide risk mitigation strategies and plans, and will coordinate efforts to manage the risks on a group-wide basis.

It is the Board that sets the risk appetite of the Company and has oversight over the Group's top tier risks and corresponding Risk Heat Map, which are refreshed on an annual basis and presented to the Board, together with updates on Group ERM initiatives, on a half-yearly basis.

During the financial year ended 31 March 2023, the BRTC reviewed the ERM Framework to ensure it remains relevant to the Group's circumstances. The ERM framework consists of ERM Governance, ERM Process and ERM Monitoring. Both ERM Process (risk alerts reporting) and ERM Monitoring (Key Risk Indicators and incident reports circulated to BRTC) are performed on a quarterly basis. Critical technology matters such as IT (Cyber) security and risks associated with data strategy management are also discussed at length between the BRTC and Management, including the Group Chief Information Officer.

The BRTC also assists the Board in fulfilling its oversight responsibilities on risk management by reviewing:

- the overall risk management system and process and providing comments on changes as and when appropriate for Management's consideration having regard to costs and benefits
- the Group's risk appetite statements, risk profiles, guidelines and limits
- the Group's material exposures and concurrence on Management's assessment on the adequacy and effectiveness of the mitigation measures implemented by risk owners

CORPORATE GOVERNANCE REPORT

The Group's risk appetite statement (RAS) reflects the nature and extent of risks the Group is willing to take in pursuing its strategic objectives and addresses the management of material risks faced by the Group. Alignment of the Group's risk profile to the Group's RAS is achieved through various communication and monitoring mechanisms (including key performance indicators set for Management) put in place across the Group. During the financial year ended 31 March 2023, the Board reviewed the Group's RAS regarding the Group's perspectives on the risks surrounding strategy, sustainability and growth, financial, people and culture.

The key internal controls of the Group include:

- establishment of risk management systems and policies
- establishment of policies and approval limits for key financial and operational matters, and the rules relating to the delegation of authorities; documentation of key processes and procedures
- segregation of incompatible functions which give rise to a risk of errors or irregularities not being promptly detected
- safeguarding of assets
- maintenance of proper accounting records
- ensuring compliance with appropriate legislation and regulations
- having qualified and experienced persons to take charge of important functions

The Company's approach to risk management is set out in the Enterprise Risk Management section of this Annual Report on pages 85 to 93.

The Board has received written assurance from the Group CEO and the Group CFO that, as at 31 March 2023, the Group's financial records have been properly maintained, and the financial statements give a true and fair view of the Group's operations and finances.

Written assurance has also been received by the Board from the Group CEO, the Group CFO and other relevant key Management personnel that the Group's internal controls (including financial, operational, compliance and IT controls) and risk management systems were adequate and effective as at 31 March 2023 to address the risks (including sanction-related risks) which the Group considers relevant and material to its operations and finances.

The Board, with the concurrence of the AC, is of the opinion that the Group's internal controls (including financial, operational, compliance and IT controls) and risk management systems were adequate and effective as at 31 March 2023 to address the risks (including sanction-related risks) which the Group considers relevant and material to its operations and finances. This opinion is arrived at based on the framework established and maintained by the Group, the work performed by the internal and external auditors, reviews carried out by Management, various Board Committees and the Board, and assurances received from the Group CEO, the Group CFO and other relevant key Management personnel. As at 31 March 2023, there has been no material change to the Group's risk of being subject to any sanctions-related law or regulation.

The Board notes that the internal controls and risk management systems provide reasonable but not absolute assurance that the Group will not be adversely affected by any event that could be reasonably foreseen as it strives to achieve its business objectives.

In this regard, the Board also notes that no system can provide absolute assurance against the occurrence of material errors, poor judgement in decision-making, human errors, fraud or other irregularities.

The Board has overall responsibility to shareholders for ensuring that the Group is well managed and guided by its strategic objectives. In presenting the Group's periodic financial statements to shareholders, it is the aim of the Board to provide shareholders with a balanced and understandable assessment of the Group's performance, position and prospects.

CORPORATE GOVERNANCE REPORT

ACCOUNTABILITY AND AUDIT

Principle 10: Audit Committee

The AC comprises three Directors, all of whom are non-executive independent Directors. All members of the AC, including the AC chairman, have recent and relevant accounting or related financial management expertise and experience. The AC does not comprise members who were partners or directors of the incumbent external auditor, Deloitte & Touche LLP, within the past two years. The AC also does not comprise any member who has any financial interest in Deloitte & Touche LLP. The AC's key responsibilities are outlined in the "Board Committees" section of this Report.

The AC has explicit authority to investigate any matter within its terms of reference. It has full access to and the full cooperation of Management. It also has full discretion to invite any Director or executive officer to attend its meetings. In addition, the AC has direct access to the external auditor. If required, the AC has authority to seek external resources to enable it to discharge its functions properly, including obtaining legal and other professional advice and services.

The Group's Internal Audit Department (IAD) performs detailed work to assist the AC in the evaluation of material internal controls of the Group. The external auditor, in the course of conducting its normal audit procedures on the statutory financial statements of the Group, also reviews the Group's material internal controls to the extent of their scope as laid out in their audit plan. If any material internal control weaknesses are noted by the external auditor, these weaknesses and the external auditor's recommendations are reported to the AC.

The AC reviews the overall scope of both internal and external audits and the assistance given by the Group's officers to the auditors. It meets with the Group's internal and external auditors to discuss the results of their respective examinations and their evaluation of the Group's system of internal controls. The AC also meets with the internal and external auditors, without the presence of Management, at least annually.

The AC has reviewed the half-year and annual financial statements of SingPost and the Group, the voluntary interim business updates for the first and third quarters of the financial year, and the related SGXNet announcements for the financial year ended 31 March 2023, as well as the auditor's reports thereon. Interested person transactions of the Group in the financial year have been reviewed by the AC.

During the financial year, the AC has reviewed the performance of the external auditor using the Audit Quality Indicators Disclosure Framework published by ACRA as reference. The AC has also reviewed with Management all the non-audit services provided by the external auditor to SingPost and the Group in the financial year ended 31 March 2023. Based on the nature and extent of the services provided, the AC is of the opinion that the independence of the external auditor was not impaired by the provision of these non-audit services. The external auditor has also provided a confirmation of its independence to the AC. Accordingly, the AC has recommended the re-appointment of the external auditor at the forthcoming AGM.

The AC has reviewed with the Group CFO and the external auditor the changes to accounting standards and issues which are relevant to the Group and have a direct impact on the Group's financial statements.

The AC has also reviewed the statement of financial position and statement of changes in equity of the Company and the consolidated financial statements of the Group for the financial year ended 31 March 2023, as well as the Independent Auditor's Report thereon before submitting them to the Board for its approval. The AC has discussed with Management the accounting principles that were applied and also considered the appropriateness of the critical accounting estimates and judgments made in preparing the financial statements.

All interested person transactions, if any, are reported to and monitored by the Group's Finance department. The IAD regularly reviews the IPTs entered by the Group to verify the accuracy and completeness of the relevant IPT disclosures. During the financial year under review, the AC, assisted by the IAD, reviewed the IPTs and is satisfied that the IPTs were made on normal commercial terms and are not prejudicial to the interests of the Company and its minority shareholders.

CORPORATE GOVERNANCE REPORT

Whistleblowing Policy

The Group is committed to a high standard of ethical conduct and adopts a zero-tolerance approach to fraud, corruption and other forms of unethical behavior or conduct. The Group has put in place whistleblowing policies and arrangements by which staff and any other persons may, in confidence, raise concerns about possible improprieties including concerns about the Group's accounting, internal controls, auditing matters and the conduct of officers or staff including Management and Directors. The Group is also committed (and has disclosed its commitment under the SingPost Whistle-blowing Policy published on its corporate intranet and corporate website) to ensure protection of the whistleblower against reprisal, or detrimental or unfair treatment where such reports are filed in good faith (even if the feedback is later found to be unsubstantiated after investigation). The IAD has been designated as the independent function to maintain the dedicated whistle-blowing channels and investigate whistleblowing reports made in good faith. All whistleblowing reports received, including the identities of the whistleblowers and the persons implicated in the reports, are kept strictly confidential and only disclosed on a "need-to-know" basis. The AC is responsible for oversight and monitoring of whistleblowing and periodically reviews these policies and arrangements. All reportable incidents including allegations of fraudulent practices are brought to the attention of the chairman of the AC and the Chairman of the Board, and are investigated promptly, independently, professionally, fairly and honestly. Details of the whistleblowing policies, and arrangements and procedures for raising such concerns are posted on the Company's corporate intranet and corporate website for easy reference by staff and any other persons. New staff are also briefed on these policies during the staff orientation programme.

In respect of the Board, the Code of Business Conduct and Ethics requires Directors to communicate any suspected violations promptly to the Chairman of the Board and the chairman of the NCGC. If the suspected violations involve the Chairman of the Board or the chairman of the NCGC, communication should be made to the chairman of the AC whereupon suspected violations will be investigated by the Board or by a person or persons designated by the Board and appropriate action will be taken in the event it is determined that any violation has occurred.

In addition, the Group adopts a zero-tolerance approach to bribery and corruption and is committed to acting professionally, transparently and fairly with integrity in all of the Group's business dealings and relationships as well as implementing and enforcing effective systems to counter bribery and corruption. The Group's Anti-Bribery and Corruption Policy (ABC Policy) sets out guiding principles to conduct the businesses with honesty, fairness and high ethical standards. The ABC Policy applies to the Board members as well as employees of the Group. The Company also has a Code of Conduct that sets forth certain standards and rules of conduct that apply to all employees. The Code of Conduct describes the importance of protecting the interests of the Company, safeguarding sensitive and confidential information, preventing any conflict of interest, and not engaging in illegal, corrupt or fraudulent activities, as an employee of the Company. All employees are expected to strictly adhere to the rules of conduct contained in the staff manual including the code, as well as comply with Company policies, laws and regulations.

The Code of Business Conduct and Ethics and the ABC Policy are accessible from the Company's corporate website at <https://www.singpost.com/about-us/corporate-information/corporate-governance>.

Internal Audit

The IAD covers the audits of the Company and its subsidiaries. The IAD's objectives, scope of authority and responsibilities are defined in the Group's Internal Audit Charter, which has been approved by the AC. The IAD is independent of the activities it audits, and does not undertake any operational responsibility or authority over any of the activities within its audit scope.

The IAD is staffed by suitably qualified and experienced executives. Its primary line of reporting is to the chairman of the AC, although it would also report administratively to the Group CEO. The AC approves the hiring, removal, evaluation and compensation of the head of the internal audit function.

Under the Group's Internal Audit Charter, the IAD has unfettered access to all of the Group's documents, records, properties and personnel, including direct access to the AC.

CORPORATE GOVERNANCE REPORT

The Group's annual internal audit plan is formulated based on a risk-based approach to review the adequacy and effectiveness of the Group's system of internal controls, including financial, operational, compliance and IT controls, and risk management systems. The audit work is prioritised and scoped based on the assessment of current and emerging risks, including financial, operational, technology, cyber, compliance, sustainability and strategic risks. With regard to sustainability risks, the scope of the annual internal audit plan has been expanded to incorporate the internal review of the Company's sustainability reporting process. This plan, which includes the internal review on the materiality assessment segment of the FY2022/2023 Sustainability Report, was reviewed and approved by the AC.

The AC reviews the adequacy and effectiveness of the internal audit function on an ongoing basis, and is of the view that the internal audit function is independent, effective and adequately resourced. The AC ensures that the IAD is adequately resourced, has appropriate standing within the Group and is able to perform its functions effectively and objectively.

The IAD adopts and complies with the International Standards for the Professional Practice of Internal Auditing issued by The Institute of Internal Auditors (IIA). The IAD has a Quality Assurance programme to ensure conformance to IIA Standards. Internal Quality Assurance reviews are conducted on an annual basis. External reviews are carried out once every 5 years by external qualified professionals. The last review was successfully completed in FY2018/2019. The quality assessment review conducted in FY2022/2023 concluded that the internal audit scope of activities conforms with the IIA Standards.

Training and development opportunities are provided for IAD staff to ensure their technical knowledge and skill sets remain current and relevant. Support is also given to IAD staff to achieve and maintain their certification and relevant professional accreditations (e.g., Certified Internal Auditor, Certified Fraud Examiner, Certified Information Systems Auditor, Chartered Accountant, etc.). IAD staff also attend external trainings and seminars conducted by reputable public accounting and auditing firms, and professional associations such as IIA, Association of Certified Fraud Examiners, and Singapore Accountancy Commission.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Principle 11: Shareholder Rights and Conduct of General Meetings

Principle 12: Engagement with Shareholders

The Company treats all shareholders fairly and equitably, and upholds a practice of transparent and timely disclosure of its performance, position and outlook. The Company publicly releases all price-sensitive and trade-sensitive information via SGXNet prior to any meetings with individual analysts or investors with the view to ensure parity of information. Such information is also posted on the Company's corporate website after each release.

Conduct of Shareholder Meetings

The Company's AGM in respect of the financial year ended 31 March 2022 (2022 AGM) was held in a hybrid format pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (Order). Shareholders, duly appointed proxy(ies) and CPF and SRS investors who were unable to attend the 2022 AGM in person, were nevertheless able to participate in the 2022 AGM using electronic means, including submission of questions to the Chairman of the Meeting "live" and voting at the 2022 AGM "live" via the online platform for the AGM. The Order will cease on 1 July 2023.

The Company notes the recent legislative amendments to the Companies Act 1967 which will take effect on 1 July 2023 and which will enable companies to hold general meetings using virtual meeting technology, as well as the relevant SGX guidance on the same. Having regard to the size and needs of the Company's shareholder base and to facilitate shareholder engagement, the Company's AGM in respect of the financial year ended 31 March 2023 (2023 AGM) will again be held in a hybrid format, following the legislative amendments.

CORPORATE GOVERNANCE REPORT

The Company encourages shareholder participation at general meetings, which serve as a platform for engagement with the Board and Management. The Company ensures that shareholders have the opportunity to participate effectively and vote at general meetings.

The Company disseminates information on its general meetings through notices sent to shareholders and published in the local press, the Company's corporate website and via SGXNet. Annual Reports and Letters/Circulars are normally sent to shareholders at their written request and are posted on the Company's corporate website. The meetings are usually held in a central location in Singapore to ensure convenient access for shareholders.

Under the Company's Constitution and pursuant to the Companies Act 1967, the CPF Board and relevant intermediaries (as defined in Section 181 of the Companies Act 1967) may appoint more than two proxies to attend, speak and vote on their behalf. A registered shareholder who is unable to attend may appoint up to two proxies, who need not be shareholders of the Company, to attend and vote on his/her behalf.

Shareholders are informed of the rules, including the voting procedures that govern general meetings. The Company has implemented electronic polling and the voting procedures are carefully explained to the shareholders by the independent scrutineer at the start of the meeting together with a test run to ensure familiarity with the electronic polling device and procedure. All resolutions are put to vote by poll.

Board members and the respective chairman of all the Board Committees, together with Management, are present and available at general meetings to address shareholders' queries. The Company's external auditor is also present to address shareholders' queries relating to the conduct of audit and the preparation and content of the auditor's report. Shareholders also have the opportunity to communicate with the Directors and Management after the meeting.

At each AGM, Management presents an update to shareholders on the Company's progress, performance and prospects. Presentation materials are also released via SGXNet and posted on the Company's corporate website for the benefit of shareholders.

Separate resolutions are tabled on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. In the event that there are resolutions which are interdependent and linked, the Board will explain the reasons and material implications in the notice of the meeting. Shareholders present are given an opportunity to clarify or direct questions on issues pertaining to the proposed resolutions before the resolutions are voted on. In addition, shareholders will be given the opportunity to submit written questions prior to general meetings, and all substantial and relevant comments and queries will be responded to within a reasonable timeframe, either prior to the general meeting through publication on SGXNet and the Company's corporate website or at the general meeting itself.

To ensure transparency in the voting process, the detailed results of all resolutions put to vote, showing the number of votes cast for and against each resolution, and the respective percentages, are tallied and disclosed live on-screen to shareholders immediately after the vote has been cast. The results are also announced via SGXNet after the conclusion of the meeting.

Minutes of the general meetings are released via SGXNet and posted on the Company's corporate website as soon as practicable after such meetings. The minutes record substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting, and responses from the Chairman, Board members and Management.

Provision 11.4 of the 2018 Code provides that a company's constitution should allow for absentia voting at general meetings of shareholders. Presently, absentia voting (such as by mail, email or fax) is not permitted under the Company's Constitution. The Company does not intend to amend its Constitution to provide for absentia voting until security, integrity and other pertinent issues relating to absentia voting are satisfactorily resolved. Nevertheless, the Company is of the view that notwithstanding its deviation from Provision 11.4 of the 2018 Code, shareholders are treated fairly and equitably and have the opportunity to communicate their views on matters affecting the Company. For instance, shareholders may appoint proxies to attend, speak and vote, on their behalf, at general meetings if they are unable to attend.

The Company has paid outside its dividend policy range over the past three years due to the ongoing challenges in the operating environment and to conserve cash for its investment in growth initiatives. In May 2023, as a next step of the transformation, the Board announced that it has initiated a strategic review of the Group's portfolio of businesses, with a view to enhancing shareholder returns and ensuring the Group is appropriately valued.

Communication with Shareholders

The Company regularly engages its shareholders and current and prospective investors, and endeavors to ensure effective and fair communication with the investment community.

The Company's IR activities and conduct are guided by its Market Disclosure Policy, which contains the principles, guidelines and procedures governing market disclosure, as well as the IR Policy, which describes the principles and practices for the Company to engage with and promote regular, effective and fair communication with the investment community.

In recognition of the Company's corporate governance and sustainability efforts during the year, the Company has maintained its ranking at 7th place in The Singapore Governance and Transparency Index 2022 and was also ranked 9th place in the biennial ASEAN Corporate Governance Scorecard 2021 published in December 2022. The Company also won the Corporate Governance Award in Diversity at the SIAS Investors' Choice Awards 2022. In addition, the Company achieved a AAA MSCI ESG rating.

The Company makes timely disclosures of material information to all shareholders on SGXNet in compliance with the requirements of the SGX listing rules. Where there is inadvertent disclosure made to a select group, the Company will make the same disclosure publicly to all others as promptly as possible via SGXNet. In addition to the mandatory half-year and full-year financial statements, the Company also voluntarily provides quarterly business updates.

To ensure timely and accurate dissemination of information, the IR section of the corporate website is regularly updated and contains all SGXNet announcements, periodic financial statements, investor presentations and AGM and EGM-related materials, including minutes of the AGM/EGM and the voting results.

At each AGM or EGM, the Board and Management engage directly with shareholders to understand their views and gather feedback, as well as address any issues and concerns.

Management proactively engages the investment community on the Company's business strategy, operational and financial performance, sustainability initiatives and material corporate developments, as well as to solicit and understand the views and concerns of investors. These take the form of one-on-one and group meetings and calls, site visits as well as participation in investor conferences and non-deal roadshows.

CORPORATE GOVERNANCE REPORT

In FY2022/2023, Management engaged with about 180 local and overseas institutional investors through face-to-face meetings and virtual calls. The Company also participated in four virtual investor conferences, namely the UBS OneASEAN Conference, CGS CIMB Conference, UOB KayHian Shariah Gems Conference 2022 and UBS OneASEAN Internet Logistics Day. SingPost holds annual meetings for retail investors with the Securities Investors Association Singapore (SIAS) to provide an opportunity for engagement with Management. Retail shareholders were invited to the annual SingPost-SIAS dialogue session in July 2022 where they were updated on SingPost's performance and engaged in a dialogue with Management.

SingPost conducts briefings for analysts for each financial results announcement. The investors may access a live webcast or playback of each of the results briefings, and a transcript is published under the IR section of the corporate website as soon as practicable.

Shareholders and potential investors may contact the IR team directly with any queries via the contact details published on the IR section of the Company's corporate website. In addition, they may sign up for an email alert service to be updated with the Company's announcements.

The Lead Independent Director is available to shareholders and may be contacted at lid@singpost.com where shareholders have concerns and for which contact through the normal channels of communication with the Chairman or Management are inappropriate or inadequate. The contact details of the Lead Independent Director are published on the IR section of the Company's corporate website.

The Company regularly reviews the framework it has put in place (as described above) which allows for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with shareholders.

MANAGING STAKEHOLDERS RELATIONSHIPS

Principle 13: Engagement with Stakeholders

The Company has put in place practices that enable regular communication and engagement with stakeholders, so as to understand and address their needs and interests. Platforms used to communicate and engage with stakeholders include a current website and other social media tools. The Company has also established dedicated functions and arrangements, including participation between business and support units to manage its relationships with such groups. Dedicated functions include but not limited to Sustainability, Investor Relations, Treasury, Communications and Human Resources. For each stakeholder group, we consider the basis of engagement, key areas of their interest, methods and frequency of engagement. Recognising a fast-evolving development on ESG focus globally and to build resilience having regard to the Group's operating environment, a formal stakeholder engagement exercise involving both internal and external stakeholders was carried out in FY2021/2022 to identify ESG topics that matter to them and the Group. The results from the materiality assessments and ongoing engagements continue to influence sustainability efforts in the Company and remains relevant. The basis for and methods of engagement with the stakeholders, along with the key areas of focus for each stakeholder group, can be found in the FY2022/2023 Sustainability Report (including the maintenance of a current corporate website). It is to be noted that SingPost publishes an online Sustainability Report annually within four months of its financial year end.

CORPORATE GOVERNANCE REPORT

The policy and guidelines applicable for the financial year ended 31 March 2023 provide that no dealings in the Company's securities by the Directors and officers of the Group can take place during the period of one month immediately preceding the announcement of the Company's half-year and full-year financial statements, and ending once the announcement of the relevant results (Closed Periods) is made. Further, if at any relevant time (including an "open" trading period), they are aware of or privy to any material undisclosed price-sensitive and/or trade-sensitive information which is the subject of an impending Company's announcement or potential media release, they should not trade in the Company's securities until the information is appropriately disseminated to the market.

During an open trading period, Directors shall provide prior notice to the Company and obtain pre-clearance from the Company's Chairman, Group CEO and Company Secretary prior to the execution of any such trade in the securities of the Company. For any persons other than Directors, pre-clearance should be obtained from the Group CEO and Company Secretary prior to the execution of any such trade in the securities of the Company.

The Company will also not purchase or acquire its securities during the Closed Periods and at any time after a price-sensitive or trade-sensitive development has occurred or has been the subject of a decision until the price-sensitive or trade-sensitive information has been publicly announced.

Directors and officers are also required to comply with insider trading laws at all times even when dealing in the Company's securities outside the prohibited trading period. The policy and guidelines also discourage trading on short-term considerations.

Directors are also prohibited from disposing the Company's securities, directly or indirectly held, within a period of twelve (12) months of their cessation as Directors of the Company.

The Company issues periodic reminders to its Directors, relevant officers and employees on the restrictions in dealings in the Company's securities.

Directors and senior Management are prohibited from entering into transactions in associated products which limit the economic risk of participating in unvested entitlements under its equity-based remuneration schemes. Such associated products include structured instruments, financial products, arrangements or derivatives involving SingPost securities or unvested entitlements.
